

I'm So Excited you are a part of our Mary Kay Family!

Giving families choices is what Mary Kay is all about and my greatest desire is to help YOU design the life of your dreams! We all begin with the same Starter Kit and then we get to choose what success looks like for us, based on our timing and terms. How empowering is that??

I started just like you in 1987 while I was active duty in the Air Force. After just one year, I was able to step away to build my business full-time. My goal from the beginning was to be a 6-figure, work-from-home Mom.

My husband, Tom, has since retired from the Air Force and because of my Mary Kay income, he works with me in our dream home in Tennessee. He takes care of the paper side of the business so I get to invest all of my time coaching leaders like you.

Our daughter, Samantha, who was 18 months old when I started, is now our Unit Manager. You will hear from her soon so she can walk you through the digital side of the business. So fun to have a family business.

You are joining one of the top ranked Units in the U.S. that has sold over 20 Million dollars of product since 1987. You are also a part of our Dream Team National Area, which is currently Top 50 in the nation. Together, we have sold over 60 Million dollars of product! That's blessing a lot of clients with this powerhouse product!!

You are an important part of our Mary Kay family, regardless of your activity. I am honored to be partnering with you to step you into the life of your dreams!! Let the journey begin today...let's write your success story and make it a masterpiece!

TOP 3 QUESTIONS Asked About Ordering Products

What would I order?

We use the Create-a-RollUp Sheet (page 5) as the backbone for every initial order. Experience has shown us the products you wear and show are the products you sell. We order several of the most popular items instead of a "one of everything" concept. This allows you to have enough products to create that "WOW! Delivery On-The-Spot Client Experience" even when everyone orders the same color or type of product.

Where would I keep it?

We take our product with us to appointments, so we teach you how to pack for easy loading and unloading. You can keep some products on a small shelf if you choose, however we want you to have the majority of your products in your car to create that "WOW! Delivery On The Spot Client Experience".

I'd like to hold some appointments and see what people will order. Can I order at a later time?

This is an option for all consultants; however keep in mind the experience you create on that first appointment is how you are "branded" in her mind. If she must wait 7-10 days on her products, she is less likely to think of you when she runs out of product, refer you to a friend or share a beauty experience with her girlfriends. This is why the company offers the most robust Great Start product bundles on your first order. Think of it this way... you find a Boutique you like and want to purchase a dress. You are told the dress will have to be ordered, full payment is required, and the dress will be available in a week to ten days! You could lose some of your enthusiasm, right? In fact, you might go to another store!
